

LA Unscripted | June 6th, 2023

From hot spots and hidden gems to lots of local flavor It's your guide to L A the unscripted way And tonight we're getting all your motors running Hello everyone and welcome to L A unscripted I'm Dana Devin and I'm about to put my pedal to the metal to bring you some great car tales up first This amazing place the Zimmerman Automobile Driving Museum with our unscripted speed demon Jasmine Simpkins I just love all the details like you don't get this kind of de detail quality in new cars at the Zimmerman Automobile Driving Museum where there's nothing but classic cars for a classic gal We're going for a ride Let's go My name is Marisol Herrera I'm the executive director at the Zimmerman Automobile Driving Museum We're a nonprofit organization that focuses on American vehicles Um We focus on the history and and basically restoration of vehicles We have cars from 18 86 up to 2006 and they're all considered vintage at this point or classic if they're from the early two thousands and we have about 100 and 30 in our collection mostly American but we do have a couple of British cars as well They just don't make interiors like this anymore So this place is open to all ages We have things uh activities for for every age here So behind you is a 1982 DeLorean That one is very popular Uh back to the future Everybody knows that car My favorite car is the 1955 Nash Rambler So we'll rotate them and every time you come you can see a new car Let's go Yeah this space in here it's about 15,000 square feet It's utilized for a lot of different things Not only just a museum we have uh parties almost every weekend I also had my reception here and I drove in in that 1940 Darren Packard Darren So I have this place has a special place in my heart I'm Richard Croall I'm a board member here at the automobile driving Museum That's a 1931 model A Ford This one has every option that the factory offered at the time You guys do a really good job of just keeping them in pristine condition They're so pretty We have some sports cars here British sports cars and uh this is a 1940 Darren Packard That's probably the most interesting and perhaps valuable car in the collection You can come by and get a ride in one of these cars and we do them every Sunday weather permitting and we take three cars out of our collection every weekend and give rides The rides last about 5 to 10 minutes And it's a nice short ride around El Segundo So you get to see all of the landmarks as well A simple thing It has a small town feel I I feel like everybody knows each other here There's also a lot of cool cool locations to go hang out and there's the beach as well So it's it's all in one It's a really

great place to live Jasmine may have taken a casual drive around but I challenge KT a lo parker to a drive around a racetrack NASCAR style Are you ready I'm ready I mean kinda ish it's time it is time It's go time We say would it be inappropriate to say I think I need a drink Sexy shot What Slide that all over your head Yeah the steering wheel's always good Yeah details Push the button in but looking good Look at you All right Ok That was wild But I think I found something a little more my speed I've been race car driving before but now I'm feeling the need for speed again It is time to put the pedal to the metal and go race car driving all over again Come on Nice to meet you I heard we're going race car driving Who these are what we're gonna be driving today They're like race cars but cuter This is really the perfect activity especially right Now because by nature you have this space and the social distancing is built into our experience It's super easy to drive Super fun It's kind of like a bicycle We're definitely popular for locals because it's an L A bucket list thing to do And that's both for people visiting and for locals We have one hour experiences up to three hour tours We see some of the studios Disney Animation Studios Warner Brothers Studios All right I'm gonna hand you your helmet Ok Am I going to need this now This is probably the time I tell you I can't hook my own helmet or drive very well You're gonna be good because you're gonna be in between guides today So you don't have to really rely on but don't hit them hit the there are not going to be any foot pedals here No pedal pedal Everything's going to be on the handlebars like a bicycle or a motorbike How fast does this thing go It can go up to 60 But I know but we're going to obey the laws do donuts It can we won't be they're completely safe We always have a guide in the front and a guide in the back This is so fun You see L A in a whole new way You have to be 21 and older to drive and seven and older as a passenger We're open seven days a week starting at sunrise The biggest thing is spreading the joy We always want to make people feel like a kid again That was so much fun And now Jasmine is back with her own racetrack dreams two is definitely the best gaming zone in all of L A county Santa Clarita is a very family friendly area This place definitely offers a wide variety of things for all families It is a seven acre facility laser tag We have virtual reality Oh my God this is super cool We have a huge go kart track drift track Um We also have duck pin bowling Basically anything from ages you know four years old to 80 MB Two entertainment opened in April of 2022 The best ice cream ever We do tons of birthday parties corporate events film shoots uh graduation lockouts not a bad score Basically any party you need to have we can have it here We

got really good uh Kraft bar food awesome pizzas really good wings Um Pretzels and Queso tavern fries Um We also have beer and wine on you know on tap and bottle Uh So just very good stuff MB Two Entertainment is a sister company of MB Two raceway at MB two Our our main thing has always been Go Karts That's what our raceways have been known for But at this place we do have a drift track which is a lot of fun It's like a slick track So you kind of slide slide around the track You got a counter steer It's a little bit more challenging than a normal race And then we have the traditional track that's always been here It's a quarter mile long Uh we also have double carts so you can drive your little ones The gaming area right here We have about 75 plus games right in there as well as uh three really cool virtual reality games The VR rabid is one of the most popular for sure It's a headset game you ride like roller coasters keeps you young coming to work every day Everyone's excited to be here So it's just a great place to be and we're just getting started from motorcycles to Porsches We keep feeling our need for speed when L A unscripted rolls on after this Welcome back to a unscripted from the Zimmerman Automobile Driving Museum I'm J Devin These cars are so amazing but this rolls mine All right Now let's get into some two wheel fun Olivia De We to is revving things up at bike shed There's a fun new restaurant in downtown L A but it's more than just a restaurant It's more of an experience I'm taking my bike to get there Well if you go back to the essence of it motorcycles are cool and they've been cool for a very long time which is why they're in films and adverts and pop videos and motorcycle culture is a thing that a lot of people relate to even if they don't ride and it has a community and that community isn't always very well served It it you know quite often motorcycle venues are spit and sawdust and you don't get a great experience And so they're not really attracted to people that think bikes are cool but don't ride So we wanted to create a space that celebrated motor culture and motto people The bike shed is a home for people that love bikes and the people that love the people that love bikes to come and meet other like minded people in a beautiful setting a restaurant a barbershop a tattoo studio retail And um just frankly a really great space to to come and hang L A really feels like a bit of a melting pot just like London And we felt that you know we know that there are more bikers riders in L A than there is anywhere and it was just a natural fit for us But we love the idea of there is it's so dark and especially here in the arts district in downtown Literally it's like we've taken just Shoreditch venue in London and literally put it here and it just feels exactly the same L A is arguably the natural

cultural home for motorcycle culture You are gonna take us on quite the tour I'm very excited Where are we gonna start We're gonna start right here at the bar It's the best place to start Lovely bar No TV S and then follow me around here lovely lounge Our sofas are all brought from London We've got a three chair tattoo studio four chair barbershop So you can come and get ink get a trim hang out And you mentioned that this wasn't just for bikers it was for anybody Right Exactly Exactly And you can see the gear that's around Literally anyone can buy this stuff Great hoodies great t shirts great caps trousers I I'm literally arts You can even buy arts here So we're going to go and check out the secret space at the Don't tell anyone I know the wine cellar very I see that my bike is parked here which is great Tell me about your bike parking So literally the whole place is for bike parking So we're going to have valet for cars but I love the fact you can rock up park your bike sit here have food have a drink and just see everybody come rolling in And obviously this is Dutch and my husband and I ride in from London to Hollywood biking's just kind of cool So I think it's just relatable It stands for something and and we just want to be the natural home of that and also we want to preserve motorcycle culture for the future All right Now let's get in here with tonight's sponsor We get about 10 million tourists and fans visiting the Walk of Fame annually They love to see their favorite stars And um it's a good escape for them because they love Hollywood The Hollywood Chamber of Commerce has a map that will be provided to visitors during Pride Week And they pinpoint the star and address of our LGBT Q Walk of Famers following my trusty Hollywood Chamber of Commerce L A Pride map And we have arrived at Neil Patrick Harris Start What can you tell me about this one Well the Patrick Harris I put him here because on his show how I met your mother he was always like don't you remember after the ladies And it's the frolic room as much of an honor as this is Unfortunately it won't be the first time I've been plastered on the sidewalk in front of the room When the Walk of Fame first began they placed 1158 stars on the Walk of Fame There were no ceremonies It's just the sidewalk was built The names were put in and one of the first in that group was Liberace Ok Oh my God And an all time classic Liberace Fun fact for you He actually got this star in 1960 for music and just down the street also 1960 he got one for television Here's Barry Manilow star What can you tell me about this star And this ceremony Well he was honored in 1980 Ok Ok I think I'm going to try and take a picture but I just don't even know the best way to take a picture with a star Like do I lay here Do I I do You can kneel right here Ok Or you

can lay next to people do all kinds of crazy things and they make sure to touch it Oh definitely See I feel so close to you Barry right now I'm a true fan Elton John was honored in 1975 when the ceremonies first started Elton John is closer to the Chinese theater Ricky Martin is close to Elton John's star He is in front of the hard rock cafe because of course his musical background I also placed Melissa Ridge there in 2011 because of her musical background It's been an unbelievable journey and it continues right here in what's called boy band block This is actually in sync star and during the ceremony in 2016 Lance bass thank the LGBT Q Plus community for embracing him and supporting him Thought if I had come out and it will be over so out of fear I kept my secret And so let me say loud and proud to all my LGBT brothers and sisters who embraced me and show me the way to be who I am Thank you so much The digital map that we created can be found on Hollywood Chamber dot net and Walk of Fame dot com We are equal opportunity star givers And we love our walk of Famers We pick them because they're entertainers and they're people just like everybody else but they have a very cool job and we want our visitors to visit them A unscripted car spectacular returns in just a moment Welcome back to L A unscripted I'm Dana Devin from the Zimmerman Automobile Driving Museum and I've got a really special ride for you right now in a Porsche with a Super Bowl champ Have Hi my name is Derek Mays Los Angeles resident and Super Bowl 31 champion with the Green Bay Packers And now that I'm retired this is what I like to do for fun So the Porsche Experience Center of Los Angeles is a place where a guest could come and test drive a Porsche on our 53 acre high performance driving facility All right Jonathan Now what sweet treat do you have for me today Derek Today you will be driving our 992 9 11 turbo s in chalk I got There you go You got the set up I got to take my ring off I'm gonna give you this I'm getting I'm can I wear it You keep the ring because he won't fit under my glove The feeling of the Super Bowl is like nothing else in the world and to have it here in L A for the first time for me as a resident I am super excited I know both what those players are going to be feeling and thinking for that week leading up But I also know what the fans and the community is going to be thinking when they lead up to the game You know the game of football is is simple There's so many life lessons to be learned I just took a love for it from day one second grade on a lot of the technique that he played in the Super Bowl has a lot of common ties to high performance driving So you're doing a lot with your feet You're doing a lot with your hands and you're doing a lot with your vision time I've been a fan

of Porsche's all my life but I was really introduced to the Porsche lifestyle by a good friend of mine and he's dreamy to me as well Patrick Dempsey and I we share school dads as our relationship our boys and classmates and started to get a close look at his Porsche collection and a lot of his influence started to wear on me and lo and behold I had to go out and get one Anyone could come to the center as far as driving goes We ask that people are 21 years or older with a valid driver's license But really the cool thing about our facility is that we have pretty much anything for anyone You know you could take a page from my playbook and try the Porsche Experience Center It's like nothing else Now the ultimate way to drive in L A is not driving at all I'll let Jasmine handle this one Hey L A unscripted Welcome to the All Los Angeles headquarters also is a new app based ride share focus on safety and consistency All of our drivers are actually W-2 employees not contractors like other ride share companies and we own and operate our five star cross rated fleet of suvs All of our cars are equipped with amenities such as Wi Fi Waters and Chargers were really providing the elevated experience for ride share Oh my gosh Look at this guys It just smells like a new car leather seats bucket seats and it's just like a cool luxury ride wherever you're going started in Dallas actually in 2018 and we came to L A in January 2021 We thought that Los Angeles be the perfect market because there's so much going on here It really is a melting pot of all these different activities and things to do Also in our app we have curated vibes with our list of playlist and that you can actually select directly from the app when you're in the car the type of music that you want to listen to and a just the volume And as you see that we also have a do not serve but we do pick up curbside lax which is the best feature after a long travel day The last thing you want to do is take that L A that shuttles So you actually get to call on your old right to whatever column you at right outside baggage claim If someone the first time also customer super easy to download the app you go to the app store click download and then you would sign up for an account We highly recommend the membership that I know you want to drive your own car So I got to your very own baby also It can I get in it 0000 ok Maybe not All of the all those are the exact same They are all white exterior with the old branding on the side So you know exactly what to look for every single time for us The most importance is our passengers and our customers to make sure that they get from point A to point B safely Oh my God I mean all heaven Which one do I want Do I want this one Do I want that one Wait they're all the same So here it says that we're going to Central City mall Yes to the court Also all of our

cars are equipped with sensors and cameras So if a driver speeding or if they're breaking too fast that gets notified to our center Thank you so much This fabulous Thank you Thank you Until next time until next time and that is all the time We have to get fast and furious tonight Thank you so much to the Zimmerman Automobile Driving Museum I'm going to go take this beautiful baby for a little drive home They'll be fine with that We'll see you next time everybody
