From hot spots to hidden gems and lots of local flavor It's your guide to L A the unscripted way And tonight we're tackling the Super Bowl social style Now this is how you tailgate Hm Hello everyone I'm Devin and Scripted has an amazing Super Bowl special coming up called the Big Game Tailgate But tonight we're giving you a sneak peek at the show and we're kicking it off with someone Everyone wants to have a Super Bowl beer with man and Bowman the unofficial mascot for the Chargers Let's go Chargers Baby is a character that evolved over two decades ago back in 95 when the Chargers went to the Super Bowl One of the great things about Barney's beanery is that this place has been here for over 100 years Rumor has it that Quentin Tarantino wrote Pulp Fiction here right at this location Jim Morrison was a regular if you can't go to the game which is what 20 minutes from here you definitely want to come here Of course the official mascot of the L A Rams is rampage and he took our do shopping for something Doug literally dreams about and drools over vintage jerseys I love this sweatshirt but clearly so does my daughter So I think it's about time I up my tailgate fashion and I hear there's an expert waiting to give me a makeover rampage Just the animal I was looking for I can't believe it's you Wow Hey I need help man I as you can see I gotta up my rams gear You got me you got me All right let's go We have NHL stuff college stuff NBA NFL NLB Oh look at this Oh Kurt Warner dude Marshall Falk Marshall Falk Do we have Marshall Falk Ricky Prole That'd be a good one dude Hi my name is Ramiro Moreno I'm the owner of XL three vintage clothing I've been in business for more than 27 years and your jerseys specifically range from all different years from seventies eighties nineties early two thousands early two thousands rams Oh we got Isaac Bruce So how do you get all these jerseys I've been gathering all these over the years Alright Rampage What do you think Why uh is this the wrong L A team Why I got you I had to go back to my roots for this one If you don't like it I get it Not bad not bad rampage I think I found it there It is right there and now we match buddy Look at this you with the modern day throwback Me with the actual throwback Yeah Alright Rampage which way to SOFI stadium Let's go Ok So you have your vintage jersey but is it really a Super Bowl if you don't have cheerleaders Guess what We have them And we're taking him for a tour of Los Angeles pom poms included Go team question for you Doug what is the best way to see our city There's only one answer to that question and it is right next to us the Chinese theater

iconic to Hollywood You know what's now iconic to Los Angeles The Rams What is it like to cheer in that stadium with all the electronics and the music and everything It's honestly amazing I mean the atmosphere the energy from the crowd and especially after COVID from not having a season on the field this season has been so special for everyone Worlds of football in Hollywood collide right here at the star of an NFL legend absolute NFL legend NFL MVP NFL Hall of Famer and four time Super Bowl champion and a Hollywood actor too Look at that We have so much more to do that We got to go let's go Who's houses house who's before you go into the SOFI Stadium You can check out Certified Rams houses There are local businesses in Inglewood that you can go tailgate at enjoy some food and it's great Well that tour it was a touchdown All right but we still have more tailgating to do now if you really want to get suited up for the Super Bowl You're going to have to pop into the beer bar Oh I mean I'm sorry B bar bar is a destination for accessories and jewelry that you wear to express your personal style We are one stop shop for fashion jewelry fine jewelry phone cases blankets now ornament some home decor but a huge mix of products Well my co founder Amy and I have known each other a long time We've been best friends for a long time and we would always go shopping together and we love to shop for accessories and we felt like there was nothing in the market that really had what we were looking for So we decided to create when we were coming up with the name for the company we wanted a word that would really encapsulate that we sell accessories and a range of accessories but wasn't so jewelry specific So we love the word bubble that it communicates something fun One of the things that I think is really fun and exciting about jewelry is that it's an easy way to try something new to update what you're wearing to play with a trend We have our core Bobble Bar line that's available at bobble bar dot com and also it select retailers like Nordstrom and we also have Sugar Fix by Bobble Bar which is available at Target and is a bit of a lower price point So we launched our licensing division in 2020 with our Disney collection And we saw a really tremendous response to that We know that a ton of of people in our audience are really big sports fans and it just felt right to bring NFL into the next next one of the things that we always talk about is making accessories that really tie back to personal style and the way that our community wants to express themselves I mean L A is such an exciting and incredible vibrant city I think there is such an amazing range of diverse neighborhoods food culture places to go People are looking for fun things to do We're really excited to be offering 25% off our NFL

collection with the code Tailgate 25 and don't worry you can also grab some Disney themed bubbles If football is your thing I will be right back with more Great I great doing some cool So how things when our sneak peek at the big game tailgate continues Welcome back to our big game Tailgate Sneak Peak and the one pro baller who cruised from his time on the field right The time on your TV screens So I think this is gonna be best ever I got this giant screen that comes down you know I make my own food and I'm chilling It's like an action movie That's the best thing about football It's like a total action movie and you don't know how it's gonna end up you know my favorite player that I ever did this is 1993 I was playing on the Chargers and uh we were playing the Indianapolis Colts and I hit a guy so hard I knocked myself out Oh I made the highlight It was the hit of the week I got like an award and a game ball and I mean the hit was b it was amazing The lesson is you play a game then you move on to other things And if football is everything you have then you missed it because you can't play forever you can't play till you're 70 years old It's not gonna happen It's the same thing with Hollywood I mean once I watched a great movie I said you know what I wanna be in one of those you know what I mean So that's how it goes Got to love Terry Cruise And if you are looking to see your sports heroes memorialized in art form we've got the mural to work for you I knew all this artwork existed and I wanted to make sure other people had the opportunity to see it So I created a free downloadable map available at mural map L A dot com These are created because of government resources We have a grant program that helps create this type of opportunity for artists Whether it's Mar Vista Palms Arts District in downtown L A Koreatown or West Hollywood There's something beautiful to be understood about that place through the art That's there So much more Super Bowl Goodness coming up including a trip to the football Hall of Fame chock full of game secrets and a race track ride with Derek May that will take your breath away An event like the big game is always a great excuse to get a bigger and better TV Here are some tips on what to look for in a new big screen It's that time of the year when many are shopping for a new big screen just in time to watch the big game the television quality is going up and the price is going down So right now especially Super Bowl is the best time to buy a television especially if you are Big NFL to get some tips on the latest TV tech I talked to Dan Ackerman executive editor at CNET We're seeing evolution in tv's first big decision the type of screen you want on side there's L CD led mini Leq led they're all kind of variations on the same thing And on the other side there's OLED Ole

and that is a very different technology that you're going to find in the most high end of best looking TV As for brands nearly every expert I talk to recommends the TC six series as a great combination of picture and price A 65 inch set typically runs about \$1300 current deals make it even less on the high end Many TV reviewers agree The LGC series are among the best OLEDS out there deals are everywhere right now Just keep in mind if you're going super budget you might not get the best software or picture experience Welcome back to our sneak pick at scripted big game Tailgate special And right now we've got the California native known as the best tackle of all time inside the most beloved home of football memorabilia Football was not my first love Baseball became my first love going up in Southern California I always wanted to have a baseball glove with my name on it I'd have to say the number one moment of football I'm talking football now being introduced is a starting tackle at uh in the 80 Rose Bowl I got to go out to the coin toss and you know who's out there Frank Sinatra I'm thinking you know Frank Sinatra is out there and my dream was to be the best in the NFL And I didn't realize that you know meant being a Hall of Famer This is a very elite group of individuals You're talking about over 30,000 individuals who have contributed to the game When you look at the pro football Hall of Fame you're talking about 354 individuals who have a bronze bust here in Kansas Lenny Dawson Bill Nelson and Roman Gabriel were the three quarterbacks that I as a kid were guys that I looked up to Of course you know Roman Gabriel there in L A Of course we get the gold jacket and we get this little ring And then of course we have a bus the bronze bus here in the Hall of Fame We're in the archives of the pro football Hall of Fame This is actually a panoramic photo one of my favorite photos And if you ever wonder where the term gridiron comes from it's this grid pattern on the field Paul Brown's defensive play sheets from the 1954 season Don Shula all time winningest coach in NF history These are his notebooks from the 1974 season This is the compensatory selection in 2006 round 199 overall Some people call him Tom Brady Others call him the goat These types of documents and artifacts don't exist anywhere else except for here in Canton Ohio I still pinch myself I'm going to the pro football Hall of Fame It's still pretty exciting Very humbling 25 of our pro football Hall of Famers were born in California which is is a huge number US c as a university tied for the most pro football Hall of Famers from any college with Notre Dame I can only imagine how star studded it's going to be this year back in L A and that fabulous stadium dangerous when I go back to hotel I stay in in Ontario is two blocks from in

and out Burger There are so many amazing bits of football magic inside the Hall of Fame You really have to go check it out But first strap in for the ride of a lifetime is Dere may fill his need for speed off the field Uh Hi my name is Derek Mays Los Angeles resident and Super Bowl 31 champion with the Green Bay Packers And now that I'm retired this is what I like to do for fun So the Porsche Experience Center of Los Angeles is a place where a guest could come and test drive a Porsche on our 53 acre high performance driving facility All right Jonathan Now what sweet treat do you have for me today Derek Today you will be driving our 992 911 Turbo s in chalk I got there you go You got the set up I got to take my ring off I'm gonna give you this I'm getting I can I wear it You keep the ring because he won fit under my glove The feeling of the Super Bowl is like nothing else in the world and to have it here in L A for the first time for me as a resident I am super excited I know both what those players are going to be feeling and thinking for that week leading up But I also know what the fans and the community is going to be thinking when they lead up to the game you know the game of football is is simple There's so many life lessons to be learned I just took a love for it from day one second grade on a lot of the technique that he played in the Super Bowl has a lot of common ties to high performance driving So you're doing a lot with your feet you're doing a lot with your hands and you're doing a lot with your vision No time I've been a fan of Porsche's all my life but I was really introduced to the Porsche lifestyle by a good friend of mine and he's dreamy to me as well Patrick Dempsey and I we share school dads as our relationship Our boys are classmates and started to get a close look at his Porsche collection and a lot of his influence started to wear on me and lo and behold I had to go out and get one Anyone could come to the center as far as driving goes We ask that people are 21 years or older with a valid driver's license But really the cool thing about our facility is that we have pretty much anything for anyone You know you could take a page from my playbook and try the Porsche Experience Center It's like nothing else sign me up for I am in OK Imagine looking up at your Super Bowl screen and seeing a piece of art you made running on the field Let's meet the tattoo god of the grid I'm considered art now is becoming more of a culture thing Everybody wants to get into it So I was named after Keith Hernandez I had a lot of Giants players from um OBJ I did also this tattoo for Evan Ingram who played for the New York Giants and it's it's so much cooler when you see it on TV as well You see them catching a ball in slow motion You're like that's my work Once you get one player of the team a few players in that same
